PrestoConnect

PARKMETER WITHOUT TICKETS

The ticket is completely virtual

Based on an innovative concept, the PrestoConnect distinguishes itself from other products, that the device does not issue tickets. Each parking transaction uses a license plate number as unique identification. The virtual ticket is stored on IEM's virtual platform and can be downloaded via a smartphone app.

PARKING
SOLUTIONS FOR
SMART CITIES

Receipts are downloadable online

The user has the option of getting his virtual ticket (receipt) on the web portal www.prestopark.com like web portal. Additionally he can use the portal to monitor transactions and create documents for travel cost reimbursement. PrestoConnect works well with or without the creation of a personal account.

Simplified maintenance

As fully paperless device, the PrestoConnect has no printer installed. Needless to say this is immediately translated into lower operations and maintenance costs and reduced downtimes.

ADDED VALUES

- Completely virtual parking ticket
- Solar powered
- Enforcement directly at parkmeter display
- Cash box reinforced with stainless steel panels and electronic lock

APPLICATIONS

- Payment of virtual parking tickets, identification via license plate identification
- Paperless, download of ticket from www.prestopark.com after request

TECHNICAL INFORMATION

PrestoConnect	
Size	L195 x W210 x H1695mm
Weight	25 kg
Cabinet	Extruded aluminum cabinet with cash box enforced and wrapped with stainless steel plates
Power supply	Solar
Solar power autonomy	200 transactions / day *
Power consumption	Stand by : less than 1mA
No. of spaces manageable	Up to 16 spaces
